

## Walk 4: The “Myton Bridge 7” from Boroughbridge

1.Start: Boroughbridge; 2. Milby Lock; 3. Possible “short cut”, but not an official right of way; 4. Myton Bridge – turn left; don’t cross the bridge; 5. Turn left on to the Boroughbridge-Helperby Road; face the traffic and take care on the bend! 6. Turn left, down Tinkler Lane to Milby Lock, then stroll to the finish at the Langthorpe Picnic Site car park

**DISTANCE:** 7 miles (11 km); **TIME:** 3 hours at a leisurely pace; 2 hours is just about feasible for brisk walkers.

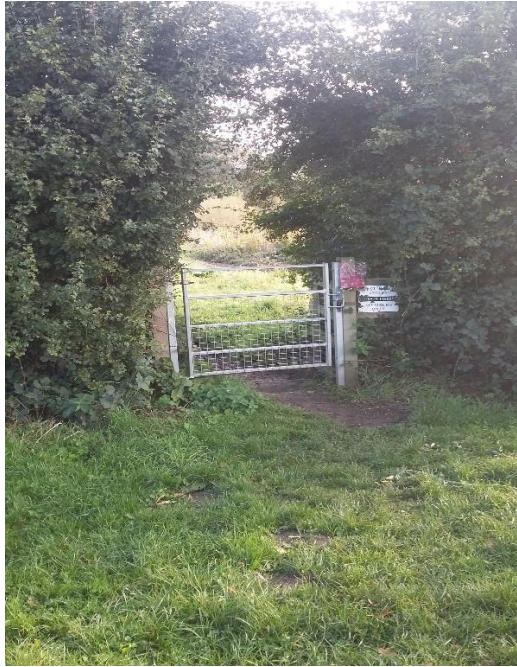

**POSSIBLE EXTENSION:** at the junction of Ellenthorpe Lane and the Helperby Road (5 on map) head for Kirby Hill via Scaldhill Lane, past Sion Hill Farm

**SUMMARY:** an excellent hike combining an outgoing riverine path with field boundary/minor road walking on the return leg. Don’t let the cattle worry you; they are very well-behaved and never threaten considerate walkers. **WARNING:** during, or following, periods of heavy rain, this can be a very “wet” walk underfoot

**OS MAPS:** Explorer 299, 1: 25 000; Landranger 99, 1: 50 000
