

Boroughbridge Local Walks (4): The “Myton Bridge 7” from Boroughbridge

1. Start: Boroughbridge; 2. Milby Lock; 3. Possible “short cut”, but not an official right of way; 4. Myton Bridge – turn left; don’t cross the bridge; 5. Turn left on to the Boroughbridge-Helperby Road; face the traffic and take care on the bend! 6. Turn left, down Tinkler Lane to Milby Lock, then stroll to the finish at the Langthorpe Picnic Site car park

OS Explorer 299, 1: 25 000 and/or Landranger 99, 1: 50 000 should be used in conjunction with the above informal map

DISTANCE: 7 miles (11 km); **TIME:** 3 hours at a leisurely pace; 2 hours is just about feasible for brisk walkers.

POSSIBLE EXTENSION: at the junction of Ellenthorpe Lane and the Helperby Road (5 on map) head for Kirby Hill via Scaldhill Lane, past Sion Hill Farm

SUMMARY: an excellent hike combining an outgoing riverine path with field boundary/minor road walking on the return leg. Don't let the cattle worry you; they are very well-behaved and never threaten considerate walkers. **WARNING:** during, or following, periods of heavy rain, this can be a very "wet" walk underfoot

2 on map: gate near start of walk (Milby Lock)

4 on map: stile at Myton Bridge (turn left here)

Path to Clott Farm (on a wet day!)

Clott Farm at start of Ellenthorpe Lane

5 on map: turn left here and head for Milby
