

Boroughbridge Striders: The Langthorpe Round

KEY: Red dashes – Langthorpe Round; Green dashes – Extension to Langthorpe Round

The “official” (Walkers Are Welcome) route (see map below) is an anticlockwise one, starting at the Langthorpe picnic site car park (S on map), heading out to Milby lock, then up to Kirby Hill, past the church, across the motorway, down Moor (Cottage) Lane, returning to the picnic site via the riverbank path or Skelton Road. It can, however, be done *clockwise*; and there’s also the possibility of an “extension” by including a section of the Helperby Road and the minor road (Scaldhill Lane) past Sion Hill Farm, joining the official route at the start of Church Lane in Kirby Hill.

DISTANCE: the walk marked on the map is about 3 miles (5 km) long; getting on for 4 miles (6.5 km), if we include the Sion Hill extension.

TIME: If you’re a leisurely walker and enjoy an occasional break, allow up to 2 hours for the standard walk. If your aim is exercise and you don’t stop, an hour for the 3 mile walk and 75 minutes for the “extended” version is about right.
